# THE NEW – TeenSpace

---

# Project Summary

We will create a recreation space for young people, aged between 14 and 20, from the community of Rôșiori de Vede and the surrounding villages, the direct beneficiaries being the locals, the people who actually participate in the activities of the space, the project period is one year.

---

# Context and Identified Problems/Needs

The problem we choose to deal with is the lack of a “third space”, a place where we can spend time outside home, school/job. The problem is the lack of a space to express ourselves. In our community the target group is forced to spend a little of time online since there’s no place for them to go

Questions:

1. Do you wish there was a city-wide space where you could hang out with friends?
2. What activities would you like to participate in? a. Trainings b. Socializing evenings
